

SALES SUPPORT COORDINATOR- WA Based

HARDI is often considered to be one of the world's leading brands of crop protection equipment. The brand has been in Australia for over fifty years and is respected by primary producers all over the country.

As part of a move to increase its Human Resourcing in Western Australia, HARDI Australia is looking to appoint a Sales Support Coordinator-WA based to join its national sales team.

The role entails providing in-field product support to customers as well as assisting with the activities of HARDI's WA based Territory Manager.

Candidates will require a solid technical background in mechanics, electronics along with a proven track record working with agricultural machinery.

Those looking to transition from a Service Technician to a career in sale will see this as a great opportunity to take a significant step toward meeting that goal.

Considerable travel will be required so the role will appeal more to those whose personal circumstances permit frequent absences from home.

If you can convince us that you are a genuine team player, are hungry to learn and have an unshakable commitment to the customer, we would love to hear from you.

An attractive remuneration package including a fully maintained company vehicle will be offered to the successful applicant.

Written applications to:

Sales Support Coordinator-WA

HARDI Australia Pty Ltd
